Pricing and turnaround are based on digital artwork provided print-ready with no work required. All documents should be one-up and correctly sized, bleeds extended and process/spot colors designated. Please include linked graphics and fonts. PC & Mac acceptable file types are: PDF, EPS, InDesign, Illustrator, Photoshop, & Quark Graphics should be created and saved at a minimum resolution of 300 dpi for photographs, or 1200 dpi for rasterized line art or type to obtain the best results. Lower resolution will result in lower quality. RGB artwork will need to be converted to CMYK and may cause variations in color.		<input type="checkbox"/> 2500
***Art charges may apply for supplied art that requires color correction or modifications. BCT will quote and require approval before beginning any work.		<input type="checkbox"/> 3000
